

The Outdoor Squad — Master Brand Knowledge Base

Last updated: May 2026

This is the canonical reference document for The Outdoor Squad. It contains the foundational facts about the business — what we are, what we do, where we operate, and who we serve. For strategic positioning of products, see [offer-architecture.md](#). For brand voice, see [brand-voice-guide.md](#). For customer detail, see [customer-avatars.md](#).

1. Brand Identity & Business Overview

Business Name: The Outdoor Squad **Website:** <https://www.outdoorsquad.com.au>
Contact: 0402 439 361 | innerwest@outdoorsquad.com.au **Established:** 2015 **Owner:** Nick

Mission: To cultivate a thriving, interconnected fitness community across the Inner West, establish a flagship facility, and expand to six vibrant outdoor training locations. We provide high-quality, community-driven outdoor fitness training that builds real-world strength and endurance.

Vision: Building a community where everyday people thrive through fitness, find genuine connection, and embrace a lifestyle of well-being.

Values: Continuous Growth, Individual Empowerment, Passionate Participation, and Direct & Supportive Coaching.

Brand Tone of Voice: Motivating, community-focused, authoritative yet approachable, distinctly Australian, and funny in a specifically nerdy way. (Full detail in [brand-voice-guide.md](#).)

2. Core Services & Benefits

Group Training (Outdoor Boot Camps): Brings fitness into the open air, combining strength, endurance, and movement for real-life results. High-energy boot camps providing a full-body workout, suitable for all levels.

Semi-Private Personal Training (SPT): Small group personal training (4-person max) launching June 2026. Goal-specific programming, regular assessments, nutrition plans, and progression tracking. Includes unlimited group classes.

Personal Training (1:1): One-on-one sessions for cases that genuinely require personalised attention. Available but not actively promoted — most prospects redirect to SPT.

Youth Training Program (YTP / Young'N'Strong): Program for kids aged 10-17 launching May 2026. Teaches kids to train safely and effectively, builds athletic foundation, physical literacy, and confidence. Coached by qualified, WWCC-checked trainers.

Nutrition Coaching: Bundled into SPT and the 28-Day Kickstarter. Real-world nutrition advice and personalised meal plans, no fad diets. (Standalone nutrition product retired May 2026.)

Accountability: Regular check-ins, app tracking, and progress updates ensure members stay committed to their goals between sessions.

Key Benefits: Boost energy, reduce stress, build functional strength, learn new skills progressively, and connect with a supportive community.

Equipment Used: Kettlebells, dumbbells, barbells, deadballs, sandbags/power bags, sleds, trap bars, TRX, medicine balls, powerbands, skipping ropes, plus bodyweight and natural environment (hills, stairs, oval).

3. Training Modalities & Class Types

We utilise a mixture of functional fitness styles, including kettlebell training, strongman/odd object work (sandbags, sleds, deadballs, trap bars), CrossFit-style high-intensity work, and bodyweight/animal flow.

All Outdoor Squad classes are designed to be scalable and suitable for all ages and fitness levels.

Strength'N'Tone: Progressive resistance training system to improve functional strength and power. Utilises power bags, kettlebells, dumbbells, TRX, bodyweight, medicine balls, and deadballs.

HiiT'N'Run: High-intensity interval training to improve heart and lung capacity using circuits, sprints, speed/agility drills, hill/stair training, and animal movement.

Flow'N'Flex: Recover and move better with our hybrid Flow'N'Flex session. It blends the strength and flexibility of yoga with the precise core control of pilates, topped off with targeted restorative mobility work. We'll guide you through flowing sequences and strengthening movements to build balance and posture, followed by specific stretching to release desk tightness and post-training stiffness. Whether you're looking to sharpen your core, find deeper mobility, or simply hit the reset button after a tough week, this session is designed to leave you feeling stronger, taller, and grounded.

Core'N'Sore: Focuses on stabilising, enduring, and strengthening core muscles using both weighted and bodyweight movements, plus high-heart-rate finishers. Primary home for animal flow work.

Outdoor Hyrox: Inspired by the functional fitness race. Alternates short running intervals with eight core functional movement stations (push, pull, squat, hinge, lunge, carry, rotate, gait) using sleds, power bags, and kettlebells.

Buff'N'Puff: A hybrid and Hyrox-style class seamlessly integrating resistance training and cardiovascular exercises for a comprehensive, time-optimised workout.

Youth Training Program (YTP / Young'N'Strong): Designed to teach the young ones how to train safely and effectively from an early age. Builds physical literacy, athletic foundation, and confidence. With a bit of fun thrown in.

Semi-Private Personal Training (SPT): Small group personal training, 4-person max. Personalised programming on 6-week cycles, 12-week assessment cadence, includes unlimited group classes.

4. Master Timetable

Monday

- 6:00 AM — Buff'N'Puff (Camperdown)
- 6:00 AM — Strength'N'Tone (Redfern)
- 9:30 AM — Strength'N'Tone (Camperdown)
- 6:30 PM — Strength'N'Tone (Camperdown)

Tuesday

- 6:00 AM — Buff'N'Puff (Redfern)
- 6:00 AM — Flow'N'Flex (Camperdown)
- 6:30 PM — Hii'T'N'Run (Camperdown)

Wednesday

- 6:00 AM — Strength'N'Tone (Camperdown)
- 6:00 AM — Strength'N'Tone (Redfern)
- 9:30 AM — Strength'N'Tone (Camperdown)
- 6:30 PM — Strength'N'Tone (Camperdown)

Thursday

- 6:00 AM — HiiT'N'Run (Camperdown)
- 6:00 AM — Flow'N'Flex (Redfern)

Friday

- 6:00 AM — Core'N'Sore (Camperdown)
- 6:00 AM — Strength'N'Tone (Redfern)
- 9:30 AM — Strength'N'Tone (Camperdown)

Saturday

- 8:00 AM — Strength'N'Tone (Camperdown)
- 8:00 AM — Strength'N'Tone (Redfern)
- 9:15 AM — Youth Training Program (Camperdown)

SPT timetable (rolling out June 2026):

- 7:00–8:00 AM Mon/Wed/Fri (initial rollout)
- 6:00–7:00 AM Tue/Thu (added as demand requires)

Regular social events, outings, and challenges run alongside standard classes.

5. Training Locations

Operations are primarily located near Camperdown Oval and Redfern Park. Training happens year-round, utilising large undercover areas in times of wet weather.

The Barracks @ Camperdown Tennis & Oval

Serves Camperdown, Newtown, Stanmore, and nearby Inner West suburbs. Features upgraded public facilities, an outdoor gym, and access to Camperdown Oval.

- **Meeting point:** Camperdown Tennis
- **Parking:** Ample on Australia St and Mallet St
- **Public transport:** 900m from Newtown Station; buses 413, 440, 480, 483 stop on Parramatta Rd 25m away

Redfern Park

Serves Redfern, Waterloo, and Surry Hills. Historic site that hosts the South Sydney Rabbitohs, Park Café, and public toilets.

- **Meeting point:** Near the Park Café at the Sports Oval end, or undercover behind the café during wet weather
- **Parking:** Ample on Chalmers St and underground at Woolworths
- **Public transport:** 700m from Redfern Station; serviced by 310, 343, 395 buses

6. Pricing & Memberships (AUD)

Product	Price	Notes

- Drop-in / 1:1 PT: per session

Pause policy: Up to 8 weeks per calendar year, minimum 1-week blocks, requested in advance.

SPT cancellation policy: 24 hours' notice required; 1 makeup session per month allowed (use it or lose it); no makeups for no-shows.

(Full offer detail and strategic positioning in [offer-architecture.md](#).)

7. Target Audience Profiles

Primary Demographic: Professionals aged 30–49 living in the Inner City and Inner West, interested in health, fitness, kettlebells, and functional strength.

Five customer avatars are detailed in `customer-avatars.md`:

1. **The Desk-Bound Professional** (32-45) — corporate/tech workers fixing desk-induced damage
 2. **The Unconventional Strength Seeker** (28-42) — ex-CrossFitters and serious lifters wanting strength without bro-gym energy
 3. **The Social & Holistic Mover** (35-55) — longevity-focused, community-driven members
 4. **The SPT Prospect** (mixed ages) — three sub-types: upgrading members, PT-curious newcomers, and buddy/pair sign-ups
 5. **The YTP Parent-Buyer** (38-52) — parents of 10-17-year-olds, parent buys, kid uses
-

8. Business Operations & Marketing

Primary Calls to Action: "Claim your trial pass"

Lead Magnets: The Free 5-Day High-Protein Australian Meal Plan

Major Yearly Events: The Winter Warrior Fitness Challenge

SPT Launch Campaign (June 2026): "Mates + Weights = Meights" — leading angle for first 60 days; "Strongest Dad in the Room" and "Badass Mum" campaigns held for later quarters.

Tech Stack:

- Website hosted on Squarespace
- Marketing, sales automation, lead nurturing, session running, class bookings, and attendance managed through Mومence
- AI chatbot in development with external developer (Phase 1 pilot, Phase 2 multi-channel + CRM integration planned) — branded as Robo-Nick

Team Structure: Owner (Nick) plus 4 trainers and a Virtual Assistant (Philippines-based) for administrative tasks, AI workflow implementation, and digital marketing execution.

Strategic priorities for next 12 months (full detail in [big-three-bets.md](#)):

- 1. Successfully launch and consolidate SPT and YTP as profitable, repeatable products (SPT priority)
- 2. Build the business so it doesn't depend on Nick teaching every class
- 3. Establish dominance in one organic acquisition channel — Google Business Profile + local SEO

9. Social Handles & Online Presence

Combined GBP reviews: 250+ five-star reviews across both location profiles (as of May 2026).

10. How to Maintain This Document

Update this knowledge base when:

- A class type is added, renamed, or retired
- Pricing changes
- Locations change
- The team changes
- A new social channel is added or an old one retired
- A major operational policy changes

Quarterly review at minimum. When updating, also check whether [offer-architecture.md](#) and the Project knowledge files need corresponding updates.

This is the foundational reference. Other documents build on it.
